Approval of Minutes: The May 11, 2021 meeting minutes were approved.

Associate Provost for Faculty Development: Katie Hartman

- Congratulations to Sarah Poggione for being selected as the academic counterpart to Hartman’s position, Vice Provost for Undergraduate Education.
 - The Vice Provost for Undergraduate Education serves as a member of the Executive Provost’s senior staff and supports the undergraduate experience across campuses. The Vice Provost assists colleges with strategic program offerings and outcomes by helping faculty develop, evaluate, and assess programs and by partnering with colleagues across the university to support student success initiatives to improve retention, resistance, and graduation rates with an emphasis on equitable outcomes.
 - As a member of UCC, she will assist the Provost’s office in that role.
 - Poggione will formally take over the position at the end of this academic year. She will be transitioning into some roles this fall and spring.
- The Provost has asked Bob Klein and Deb McAvoy to serve an additional year as faculty Provost Fellows. They will represent the Provost’s office at UCC meetings.
 - Klein has agreed to serve as the university liaison with the Ohio Department of Higher Education and update UCC members on state initiatives.
 - McAvoy will be working with the Programs Committee to discuss opportunities in aligning our internal approval process with the Ohio Department of Higher Education’s HLC processes. McAvoy will also assist with ensuring name changes, new programs, and other program actions that are presented to and approved by the Board of Trustees.

PROGRAM CHANGES

1. Patton College of Education (Approved)

Program Code: ME6866

Program Name: Integrative Language Arts

Department/School: Teacher Education

Contact: Matt Felton-Koestler

We are eliminating two 1-credit field courses because they will no longer be offered through ENG and because the students already have ample field hours through the college of education. Students only take one of these, so this lowers the overall credits from 46 to 45:

- ENG 5911 Field Experience in Secondary English/Language Composition
- ENG 5912 Field Experience in Secondary English/Literature

This change was made in consultation with Dr. Linda Rice, English Department Chair

The current program requires students to choose ONE of the following options:

- ENG 5510 Teaching Literature in Secondary Schools (3 credits) AND ENG 5911 Field Experience in Secondary English/Language Composition (1 credit)
- ENG 5520 Teaching Language and Composition (3 credits) AND ENG 5912 Field Experience in Secondary English/Literature (1 credit)

We are eliminating the requirement for either ENG 5911 or 5912, thus eliminating 1 credit from the program of study.

EXPEDITED

1. College of Fine Arts

Program Code: BF5155

Program Name: Film

Department/School: School of Film

Contact: Ofer Eliaz

Add FAR 1500: Viewing the Arts as an option to the 1st Year Core requirement.

This course would support the BFA curriculum well and will give the students more flexibility in building their schedules. This change will not alter the program's required credit hours, learning outcomes, or assessment plans.

Currently, the First-Year Core requires that students complete one of the following courses:

ART 1100 – Seeing and Knowing the Visual Arts

ART 1240 – Visual Art in Practice and Theory: Critical Perspectives

IART 1170 – Introduction to the Arts: Arts in Contexts

This change would add the following course to the list of options from which the students can choose: FAR 1500: Viewing the Arts
