Public Telescope Night at Ohio University Observatory, March 23

March 1, 2019

Categories: Events

Tags: observatory events, physics and astronomy events

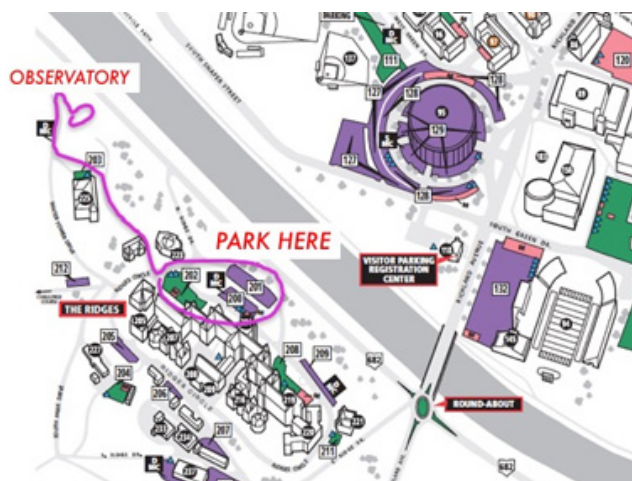

Astronomy Instructor George Eberts with the Fecker telescope

Public Telescope Night is March 23, hosted by the Ohio University astronomy faculty and students. This event is scheduled for 9:00 p.m. to 11:00 p.m. and will be canceled if the sky is cloudy or stormy. Telescope nights are free and open to the public.

Visitors may see Lunar craters, Saturn's rings, Jupiter, Mars, star clusters, or distant galaxies, depending on the time of year and sky conditions.

[Public Telescope Nights](#) are held at the [Ohio University Observatory](#), located at The Ridges on the Athens campus.

Parking is available in university lots 202, 200, and 201, which are open to visitors after 5 p.m. on weekdays and on weekends. These lots are located near The Ridges Auditorium. *Limited parking for persons with a disability is available at the observatory dome.*

Where is the Observatory and Parking?

Parking is available in university lots 202, 200, and 201, which are open to visitors after 5 p.m. on weekdays and on weekends. A permit is required 7 a.m. to 5 p.m., Monday through Friday. The lots are open to public all other times, unless reserved for a special event. These lots are located near [The Ridges Auditorium](#). Follow the stairs up the hill to Konneker Labs, proceed through the Konneker lot, and walk up Water Tower Drive to reach the Observatory at the summit.

Limited parking for persons with a disability is available at the observatory dome.

For more information, please contact the [Physics & Astronomy Department](#) at physics@ohio.edu.
